APPROX 125 ANTISEPTIC

JUMBO
MARKING RINGS

Use with the Leader Jumbo Expander to get maximum expansion.

FEATURES AND BENEFITS

Cattle castrating has never been easier! The Jumbo Latex Rings are the most popular rings used to castrate bulls from 120kg to 340kg. There is no need to tighten latex ring, just open and apply. This process takes less than 20 seconds per bull. Rings open in a triangular shape (10 x 7.5 x 7.5cm). This lunch box style container has a quantity of 125 rings and is microwavable.

Leaders in the field since 1948.
